*Students make their own film in three days. During Dutch classes in the weeks before they already started with writing their script. During creative classes they learned on film genres and analyzed different types of films. These are examples of how the project is made sustainable, transcending the different subjects taught at school.*

### REACTIONS (2018)

*Douwe Brouwer (manager Ithaka ISK):*

"It moved me: the joy, the pride, the connectedness of the students. The presentation was a perfect afternoon, the good atmosphere and organization."

*Jan van Rossem (teacher):*

"We will do it next year definitely again."

*Rezan (Syria, student)*

"I know better how I can create my own movies, I would like to get famous with vlogging."

*Mirelly (Brazil, student)*

"It was a lot of fun, because it was the first time we made a movie and I am really proud of it.."

*Marco (teacher):*

"They enjoyed it a lot. One student came to me and said: 'these have been the best days in The Netherlands so far.'"

*Fadila (Somalia, student):*

"The best thing was that we learned to cooperate with my fellow students."

*Imran (Bulgaria, student):*

"I better understand how film is made now"

*Hamza (Eritrea, student):*

"I would like to explore editing more."
